Jan,

I did see the box of lamps in their office and the box is not closed, labeled or dated. As far as the lab results, I expect a final lab report within 40 days from the time of the sampling. If you need anything else, please feel free to contact me.

Thank you for confirming.

I believe you went into the office to view the box of compact fluorescent tubes during the inspection. During my visit in March, they were in an open box that was neither labeled or dated. I meant ask, had they closed, labeled or dated the box? And when do you expect results from the sand blast dust collected and the pond water and soil?

Thanks,

Jan B. Walwyn

Hi Gerard and Justin,

I'm typing up a short report based on our visit to Super Salvage on May 28th, and was wondering what your titles were. Also, would you mind confirming your telephone numbers?

Here's what I have so far:

Gerard Crutchley	US EPA	crutchley.gerard@epa.gov	410-305-2780
Justin Young	US EPA	young.justin@epa.gov	410-305-3029

Thanks,

Jan B. Walwyn
